Bag Raiders, Shooting Stars

It's late and I'm awake Staring at the wall Open up my window My head floats out the door

No one else around The shimmer takes my eye I lift my head I'm blinded by the sky

Feel my weight in front Following the sound It moves away so fast I fall down to the ground

I know there's more to come Jump back to my feet And I only see ahead of me Chasing down the street (down the street, down the street, down the ...)

Came out to a shooting star But she moves so fast That I can't keep up, I'm chasing I'm in love with a shooting star But she moves so fast When she falls then I'll be waiting

Came out to a shooting star
But she moves so fast
That I can't keep up, I'm chasing
I'm in love with a shooting star
But she moves so fast
When she falls then I'll be waiting
