

# Bal-Sagoth, At The Altar Of The Dreaming Gods

Come, dark night... deep night,  
Sweep away the fading embers of the cruel sun,  
Let me at last dream 'neath the moon's sweet light,  
For the quest is over, and the long day's done...

"(Translation of glyphs discovered carved into the surface of the mysterious Black Altar Stone.)"

[Lyrics: Byron]

[Music: Jonny Maudling]
