## Bal-Sagoth, The Awakening Of The Stars

"Reverie on the Ascension Mandate: With but a gesture of my incorporeal hand I illumine the heart of a new-born sun, Revelling as its searing stellar radiance engulfs my ersatz form. Gazing out across the limitless, stygian cosmos, I hear the whispered voice of destiny echoing within the solar winds... No small task, to awaken a universe from slumber."

"Words gleaned from the Crystal of Memory:"

In 2104, lithological excavations at the Fourth Mars Colony unearthed an artifact of unknown, seem
