

Balaam And The Angel, It Goes On

Balaam And The Angel

Live Free Or Die

It Goes On

Heavy duty pleasure zone

The schools are empty and they're on their own

Teenage libido they've got it made

A touch of make-up and they make the grade

You know it is no secret

Even though you don't believe it

It goes on

Down in the basement the wild child queens

Soho monarchs to a manhood dream

Caught in the limelight sex for fame

Innocence is traded for the lines they gain

You know it is no secret

Even though you don't believe it

It goes on
