

Balaam And The Angel, Live Free Or Die

Balaam And The Angel
Live Free Or Die
Live Free Or Die
I've been around the world
And baby I know
I'm in another land far from home
I feel I must be dreaming
Or am I just insane
There's one thing I remember
It's burning in my brain
Live free or die
I can't remember when
I felt so small
Handcuffed all stitched up
Against the wall
I've got a strong suspicion
Something's going on
Something that's got nothing
To do with right or wrong
Live free or die
Live free...
Free or die
