Ball In The House

Miscellaneous

All About Me

As far as I can see

Now its all about me

Yeah--

Ive had enough of talking about it

Ive had enough of waiting for you

All my life is passing before me

You dont care, not at all

Chorus:

Its all right

If thats the way it has to be

You say you wanted to be free

I think its time I see I cant do nothing for you

So now its all about me

Its all about me

So now its all about me

Im not trying to just run away

But Im so tired of waiting for you

I just need you to give me the chance

But no-- you dont care

Chorus 2x
