

Ballard Ashley, I'll Be Waiting

Ballard Ashley
Get In The Booth
I'll Be Waiting

Hey, can I tell you what I'm thinking of
How I hold you in my heart
And you're here with me every day

You must understand where I'm coming from
How I felt it from the start
It's not easy for me to say
I just want you to know
There's no need to be alone
Any place, any time
There's just one thing for you to keep in mind

If you want me, call me
I'll come around for you
If you need me, tell me
Anything I will do
When you're lonely, I'll be
Always a friend to you
If you want me, call me
I'll be waiting

Hey, can I tell you how I really feel
Cause I've been holding back so long
And my pride just got in the way

I want to be the one to make you smile
When your world takes it away
I wanna see it light up your face
When the night starts to fall
If you're there on your own
There's no trouble at all
There's just one thing for you to keep in mind

If you want me, call me
I'll come around for you
If you need me, tell me
Anything I will do
When you're lonely, I'll be
Always a friend to you
If you want me, call me
I'll be waiting

Just remember
Gotta know that I
Just remember

If you want me, call me
I'll come around for you
If you need me, tell me
Anything I will do
When you're lonely, I'll be
Always a friend to you
If you want me, call me
I'll be waiting
