

Ballas Hough Band, Closer

Hey, put the pain that you have in the back of your mind
Wait, I wanna wipe away all the tears in your eyes
'Cause I got that rhythm in the moves that'll make you hot
I'm the only one that gets your heart to stop
Please believe me that you're the only one I want
But every time I get closer you push me away, I don't get it
You said you want me closer to you
And every line I step over you tell me to wait another minute
You sure don't make this easy to do
Maybe you need to get a little bit closer to me
Why are you crying about the bad times in the past?
Try to take the good that you got and make it last
'Cause you got that rhythm in the moves that'll make me hot
You're the only one that gets my heart to stop
Please believe me that you're the only one I want
But every time I get closer you push me away, I don't get it
You said you want me closer to you
And every line I step over you tell me to wait another minute
You sure don't make this easy to do
Maybe you need to get a little bit closer, closer to me
But every time I get closer you push me away, I don't get it
You said you want me closer to you
And every line I step over you tell me to wait another minute
You sure don't make this easy to do
Maybe you need to get a little bit closer to me
Maybe you need to get a little bit closer to me
