

Balligomingo, Beyond

Spread your wings and fly
So you can't deny what's there for you
On your own set yourself free
Go beyond the limit
You place on yourself
You'll find the power's all yours
Fly away
Take control
Beyond the edge will make you whole
Reach your highest high
Feel your full desire
Drawing you
To be stronger than you've been before
Go beyond the limit you place on yourself
You'll find the power's all yours
Fly away
Take control
Beyond the edge will make you whole
