

# Balzac, Out Of The Blue

Go! Out of the Blue!  
Take advance of your fear  
Go! Out of mind!  
I'm gonna do it just for you  
Nothing gonna changin' my world  
Just right!  
Nothing gonna changin' my world

Go! Out of sight!  
You had better do it now  
Go! I know better than to do such a thing  
Nothing gonna changin' my world  
Just right!  
Nothing gonna changin' my world

Whoa-oh-oh oh-oh!  
Don't ask me why  
So! I don't want you here!

Just right now go!  
Whoa! All I want  
You can't hide it!  
Lonely only one

It won't be long  
Before we know the truth  
It will not take  
Long to reach there
