

Bananafishbones, Baby I'm Out

Sweeter With My Porcupine
Wandering These Skies
And Though They Are Pretty Wise
We Decide And Try

At The Willow We Shall Meet
Thundering The Skies
And We'Re At The End Of The Rainbow

Pass Me Some Of Your Delight
Spring Beams From The Sky
Molecules They Swing And Sing
And Birdies Passing By
Bye Bye And I Resign

Sick Of It All
Sick Of The Ways
Baby I'M Out

Fauna'S Feeble Wakening
Bees Are Passing By
Warming Up For A Brand New Year
Buzzing Through My Mind

There'S A Godess In My Life
Sowing Love Instead Of Strife
I'M The End Of The Rainbow

Sick Of It All
Sick Of The Ways
Baby I'M Out

There'S A Godess In My Life
She'S Felling Fine Now That She'S Mine
She'S Sowing Love Instead Of Strife

Dance With Me
Cheek To Cheek
I Smell Your Heartbeat
When You Dance With Me...
