

# Banaroo, Christmas Time

Christmas is near  
The most wonderful time of the year  
Just feel the spirit Santa Claus brings to you  
And all your wishes they will be coming true  
Glistening snow  
The lights they blink wherever you go  
Just feel the spirit making the season bright  
And maybe you'll see reindeers up in the sky  
Christmas Time  
A certain kind of magic  
Christmas Time  
Somethings in the air  
Christmas Time  
Can you feel the magic?  
When Santa Claus is coming to town  
Its cold outside  
And all the peoples hearts opened wide  
So listen to that sweet little melody  
It leads you to a world full of harmony  
Just come and see  
The lights on our beautiful tree  
And roasted chestnuts right on an open fire  
Will let you know the warmth of that holy night  
Christmas Time  
A certain kind of magic  
Christmas Time  
Somethings in the air  
Christmas Time  
Can you feel the magic?  
When Santa Claus is coming to town
