

Banaroo, How Deep Is Your Love

You make the morning and you make the night

You can make darkness turn into light

How deep is your love is it love

Whatever you needed i gave you the best

But you left me bleedin takin the rest of me

(how deep) is your love, is it love, is it love

How deep is your love

Is it deeper than the blue blue sea

Tell me how deep is your love my friend

Makin me believe

How deep is your love

Is it deeper than the blue blue sea

Tell me how deep is your love my friend

Makin me believe

When i remember the time that we had

Feelin so easy, never forget that night

Was your love was it love

Youre breakin my heart if you leave me this way

But you cannot know how i want you to stay with me

(how deep) is your love is it love is it love

How deep is your love

Is it deeper than the blue blue sea

Tell me how deep is your love my friend

Makin me believe

How deep is your love

Is it deeper than the blue blue sea

Tell me how deep is your love my friend

Makin me believe
