

Banaroo, Shoobi Dubi Du

Follow me now
I hear your heartbeat
Ill show you the way
of endless freedom
It`s unbelievable
Its irresistable
Come feel the magic of moonlight

Open your heart
I wanna give you
A nice melody
And you will feel new
I wanna heal your soul
I wanna save your mind
I wanna break with you free now

Refrain:
Shoobi Dubi Du
And Ill be with you
Come on and follow me stay together
Shoobi Dubi Du
You can be the one
You lift me up up to the sun

Fly fly to the sky
This is my cosmic lullaby
Fly fly to the sky
Shoobi Dubi Du I will be with you

We can go on
to unknown spaces
expiience new life
in foreign faces
its not impossible
its not so difficult
we can achieve what we want to

Follow the sound
that comes from heaven
its all here around
this tune can save me
a cosmic lullaby
a perfect alibi
discover a new dimension

Refrain:
Shoobi Dubi Du
And Ill be with you
Come on and follow me stay together
Shoobi Dubi Du
You can be the one
You lift me up up to the sun

Fly fly to the sky
This is my cosmic lullaby
Fly fly to the sky
Shoobi Dubi Du I will be with you
