

Banaroo, You`re The One And Only

Youre the one and only for tonight
I have been so lonely - Hold me tight
All my life Make me stay
Heavens just a heartbeat away
Youre the one and only for tonight
I have been so lonely - Hold me tight
You are always on my mind
When Im feeling blue
Teardrops falling from the sky
Will break my heart in two
Youre the one and only for tonight
I have been so lonely - Hold me tight
All my life Make me stay
Heavens just a heartbeat away
Youre the one and only for tonight
I have been so lonely - Hold me tight
I will always hold your hand
Evrywhere you go
Would you do the same for me
Is all I need to know
