

Band Of Skulls, Asleep At The Wheel

I went upstate
Asleep at the wheel, yeah
Double the win
The old leather feel, yeah

And I'm safe and sound
In equal distant (?), yeah
My feet and that detail
Thx God to NBS

Cause where we are goind is anyone's guess

Took the bait
So damn you, yeah
Born again
To die again too
Sun shines behind me
Behind the glass
The only, yeah
I don't have time to wonder
Don't have time to waste

Cause where we are goind is anyone's guess

Anyone's guess

Cause where we are goind is anyone's guess

Anyone's guess
