The Stones I Throw

G
When obstruction blocks my way

C7
I walk down that narrow way

G
Till i can see the light of day

C7
Shining at the world

G□□ c□□ d7
And i realise that something here sure is wrong

G□□□c□g
The stones i throw will free all men
D7
Make him walk proud through this righteous land

C□□ c□g
He will know which way to go

D7□□g
I will show him by the stones that i throw

Don't build walls and barricades
So a man can't have his say
And barking dogs can't block my way
From taking my brothers hand
And something makes me want to stand up and do what's right

The stones i throw will free all men
Make him walk proud through this righteous land
He will know which way to go
I will show him by the stones that i throw
