SHE'S NOT

## CHORUS

she's not really good looking  
she's really not that hott  
sometimes she can be nasty  
yeah, but most importantly she's not

not the type of girl i wanna marry  
not the type of girl i wanna carry through life and it's rough times  
something about her everytime i see her i want to slap her  
is that good or is that bad?

## CHORUS

not the type that would catch my attention  
she's not the type of girl i wanna mention to all my friends and brag about her  
talk about her, go on about her  
i'm sorry but it's not gonna happen with this particular girl

## CHORUS

not someone that i would wanna go back home to every single day  
not someone that i would wanna hold in my arms and tell her it's ok  
don't want to hang around her  
just want to live my life without her  
everything is fine the way it's been

## CHORUS

she's not really good looking  
she's really not so hott  
but sometimes she can be so sweet  
yeah, but most importantly she's not the one

she's not the one for me  
she's not
