

Bang Camaro, Miss Illusion

We are all alone
Who will take us home?
There's no need to sleep
With the hearts we keep!

Too much too soon
Wooahwoah...
Salt in your wounds
Woahwoah...
You'll taste it one last time
She's taking over
Kills you to know her
She is the sober knight

Ride on Miss Illusion!
Black smile with a serpent stare
Tongue tied with a chain of cobras
Miss Illusion disappears!

We are all alone
Eyes and hearts of stone.
There's no need to sleep
You will take us home!

Too much too soon
Woahwoah...
Salt in your wounds
Woahwoah...
You'll taste it one last time
She's taking over
Kills you to know her
She is your sober knight

Ride on Miss Illusion!
Black smile with a serpent stare
Tongue tied with a chain of cobras
Miss Illusion disappears!

We're the guys with Miss Illusion!
Snake eyes when you play her game
Caught up in the call of chaos!
Miss Illusion, yours to play!

She will be ours tonight...
We stand as guys alright...
Who takes it one last time...
She's taking over,
Kills you to know her
She is your sober knight!

Ride on Miss Illusion!
Black smile with a serpent stare
Tongue tied with a chain of cobras
Miss Illusion you're not there!

Take a ride with Miss Illusion!
Tough skin but her will is strong!
Wound up with a wild woman,
Miss Illusion all night long!
WOAAAAAAAAAAAAAAAAAAAAAH!
