

Bang Gang, Forward And Reverse

You were like a glimpse on to the stars
As we were dancing forward and reverse
One whole day
Under heavy rain
Don't ever say
That we weren't happy then

You were like a glimpse on to the stars
As we were dancing forward and reverse
One whole day
Under heavy rain
Don't ever say
That we weren't happy then

I miss the times
When everything was coming our way
I wish those times
Would bring us back together some day

You were like a glimpse on to the stars
As we were dancing forward and reverse
One whole day
