

# Bang Gang, I Know You Sleep

I can't explain why you're always stuck in my mind  
Step out and look into my dead eyes  
My wings are broken but your head's high  
I'm passing away in my own arms  
Run away  
Disappear  
In the pale night  
Close your eyes  
Feel the heat  
From the dark side  
Take a chance  
Make a turn  
To the flash light  
I am yours  
You are mine  
We're in love, right ?  
Stay with me  
I know you sleep  
I cannot breath  
I feel your here  
I need you with me  
I can't explain why you're always stuck in my mind  
Step out and look into my dead eyes
