

# Bang Tango, Shotgun Man

Oh, where's my gun?  
I want to have some fun  
When you look ahead  
That's where I dive right in  
Don't try to help me  
Don't try to tell me  
Just take a look inside of my head  
Only time can tell  
If I'm to go to hell  
When you see my face  
That's where you lose your trace  
Don't try to help me  
Don't try to tell me  
Just take a look inside  
I'm a shotgun man, shot  
I'm a shotgun man, shot  
It's a lie, good God  
Need my shot  
Shot, shot, shotgun man  
Shotgun man

Ready to fire  
Watch you bleed  
Where's my gun?  
Hey, dad too many died  
Ain't enough  
Shotgun  
Don't try to help me  
Don't try to tell me  
Just take a look inside of my head  
Shot  
I'm a shotgun man, shot  
I'm a shotgun man, shot  
I'm a shotgun man  
Well, I'm a shotgun man  
Listen  
Shotgun, shotgun  
It's a lie, good God
