I Got Nothing
(s. hoffs/v. peterson/j. shear)
Susanna & vicki

I got nothing
There's no sense in looking back
All my yesterdays went up in flames
Now i'm gonna
Just forget what's in the past
I don't even recognize their names

Two undiscarded lives, a simple proposition
Everyday a little pain
Survival's up to me, since every time i
Open my eyes the world remains

I got nothing (got nothing)
Too bad (too bad)
But i'm happy cause that's all i have (that's all i have)
I got nothing (got nothing)
They want (they want)
No false dreaming, i practically just won

Looking out their
Windows from their easy chairs
I can see they think they got it beat
They just see a
Drifter in some worn out clothes
Not someone who'd taste so good to meet

I'm more ashamed of them than what i'm wearing
Not reaching past the window ledge
There's a view of life that we're not sharing
'cause they won't walk out to the edge

I got nothing (got nothing)
Too bad (too bad)
But i'm happy cause that's all i have (that's all i have)
I got nothing (got nothing)
They want (they want)
No false dreaming, i practically just won.
