Where Were You When I Needed You  
(p. f. sloan/s. barri)

Don't botter cryin'  
Don't botter crawlin'  
It's all over now  
No use in stallin'  
The love i once felt  
I don't feel anymore for you  
This time i'll even  
Open the door for you

You walked out  
When i was down  
Well now i'm well off  
And look who's comin' around

Where were you when i needed you  
Where were you when i wanted you  
Where were you when i needed you  
Where

You're looking good  
It's hard to fight it  
There's no use explainin'  
I've already decided  
That livin' without ya  
Is worse than without ya  
I won't spend a lifetime  
A-worryin' about ya

Things got rough  
And you dissappeared  
Now i'm back on my feet  
And look who's standing there

Where were you when i needed you  
Where were you when i wanted you  
Where were you when i needed you  
Where

You were so young  
And you were so wild  
I knew you were nobody's  
Innocent child  
The first day i saw you  
You really got me  
I thought i could change ya  
What good did it do me

Things got rough  
And i couldn't wait  
Now you're trippin' back  
But babe, it's too late

Where were you when i needed you  
Where were you when i wanted you  
Where were you when i needed you  
Where
