

# Bankrupt, Cinderella

Once you've met Cinderella  
Tell her you wanna take her home  
And make her stay forever  
Unless you wanna die alone  
You need a guardian angel  
Tell her you wanna take her home  
Don't you ever try to change her  
Unless you wanna die alone  
You wanna try, and you say you'll try but you never do  
You wanna try, but you make it hard to believe in you  
You wanna try, but you always fail, and you wonder why  
Wonder why...  
Cinderella...
