

Bankrupt, Straight Outta Graceland

Lousy trends, phony hypes
Someone should sort it out
Safely planned prototypes
Someone should set things right
Tonight the King will return from the grave and...
Bigger than Jesus, stronger than Satan
Salvation's coming straight outta Graceland
Clean the charts, Wipe away
All the filth you can find
Dear RIAA
Stop polluting my mind
Tonight the King will return from the grave and
We need a saviour, the position's vacant
Salvation's coming straight outta Graceland
