

Bankrupt, Wave Of Bankruptcy

They're gonna hate it but they wanna know
Who's gonna tell them they gotta go
Before they hear it on the radio
We didn't see it coming
This would have come to you anyway
Another place, another day
Tough luck, I gotta say
Better watch out
Cos it's a wave of bankruptcy
Can you believe now what you see?
Life's great, then you hit the wall
With the speed of a wrecking ball
Goodbye, you've seen it all
We didn't see it coming
New yachts and limousines
They won, it really seems
I hate pyramid schemes
Better watch out
