

BANKS, Better

Why you so afraid?
I can see you hating, hating, hating, hating, hating
Withering away
I can see you dying, dying, dead, dying, dead
Why? Why?
Baby see
Try

I can love you better than she,
I can love you better than she can

How couldn't you see?
All the water's cold, cold, cold, cold, cold
While you lied to me
You hide in a hole, hole, hole, hole, hole
And why don't you see?
Yeah, baby try
Try to see
Yeah, try, yeah

I can love you better than she,
I can love you better than she can

Can, can, can, can, can, can
Can, can, can, can, can, can

I can love you better than she can
I can love you better than she can
