

BANKS, Propaganda

you thought you found what you wanted in the propaganda
too many pieces to mop up
I told you this was a mistake
it's undecided
, but I got to know
we been divided but I told you so
you must have been born reciting the most poetic ride
or die death wish

but we could be different
the ways I would give in
it's something about it
I'm weaker without it

I think it's something about you
it's something about this situation
the windows don't take sounds and I am all fucked up
I can't save myself
mama I need help
I think I made some bad decisions
the guns about in my love and I am all fucked up
I can't save myself
mama I need help

tell me tell me that's it's over
and tell me that you're strong ebough
look at the mirror
at my messy hait
I am addicted to this bleed on love
I wanna be understanding but babya
we gonna fuck this whole thing up
I suck aside I decided that suicide is on mu side

but we could be different
the ways I would give in
it's something about it
I'm weaker without it

I think it's something about you
it's something about this situation
the windows don't take sounds and I am all fucked up
I can't save myself
mama I need help
I think I made some bad decisions
the guns about in my love and I am all fucked up
I can't save myself
mama I need help
