

# Banton Buju, Untold Stories

I'm living while I'm living to the father I will pray  
Only him know how we get through everday  
With all the hike in the price  
Arm and leg we have fi pay  
While our leaders play

All I see people a rob & a Jab all a grab  
teif neva love fi see teif wid long bag  
no love 4 the ppl who a suffa real bad  
& as ah told to the pope may God help yuh soul  
what is to stop the youths from get out a control  
full up a education dem nuh own no payroll  
di clothes pan mi back have countless big hole  
ah could go on and on the song has never been told.

I'm living while I'm living to the father I will pray  
Only him know how we get through everday  
With all the hike in the price  
Arm and leg we have fi pay  
While our leaders play

Who can afford to run will run but what about those who can't  
they will have to stay  
Oppurtunity a scarce, scarce commodity in dis time I say  
When mama spend her last and send you go class  
Neva you eva play  
Its a competitive world for low budget people  
Spending the dime while earning the nickel  
with no regards for who it might tickle my cup if full to the brim

I'm living while I'm living to the father I will pray  
Only him know how we get through everday  
With all the hike in the price  
Arm and leg we have fi pay  
While our leaders play

We could go on and on the full has never been told.
