## BAP, Moonlight Kiss

I can feel my heart and it's fit to burst try to clean it up but i just get worse wish i could fall on a night like this into your lovin' arms for a moonlight kiss i thought i saw your face in the evenin' sky on a lonesome cloud that was driftin' by wish i could fall on a night like this into your lovin' arms for a moonlight kiss (instrumental break) you got someone else maybe it's for the best since i took the cure for happiness and i'd trade it all on a night like this for your lovin' arms and a moonlight kiss for your lovin' arms and a moonlight kiss lovin' arms and a moonlight kiss
