

# Bar 7, 4 Leaf Clover

All I want is your love  
Your love is all I need  
All I want is your love  
Your love means everything  
All I want is the happiness and joy you bring  
All I want is gone so now will life go on for me

I've got the will, I just need the way  
Maybe I can make it through this hurt another day  
Since you left me, baby since you're gone  
I find it harder and harder everyday to hang on

And the rain came down, and down it came  
Down so hard, I can't stand the pain  
I just can't stand the rain anymore  
And once I do finally break away  
See me comin' don't ya' get in my way  
I wish upon my lucky star that day will come

Can't find my 4 leaf clover  
Nowhere near over you  
Look for it over and over  
Nowhere near over soon  
Can't find my 4 leaf clover  
Heartache is overdue  
It's over, it's over, it's over  
All I want is your love  
Your love is all I need  
All I want is your love  
Your love means everything

I wanna die, but then, I wanna live  
So many times it takes much more than I can give  
Don't ya' need me, don't ya' feel it's wrong

Sometimes I just can't find the strength to carry on

And the rain came down, and down it came  
Down so hard I can't stand the pain  
I just can't stand the rain anymore  
And once I do finally break away  
See me comin' don't ya' get in my way  
I wish upon my lucky star that day will come

Can't find my 4 leaf clover  
Nowhere near over you  
Look for it over and over  
Nowhere near over soon  
Can't find my 4 leaf clover  
Heartache is overdue  
It's over, it's over, it's over

Can't find my 4 leaf clover  
Nowhere near over you  
Look for it over and over  
Nowhere near over soon  
Can't find my 4 leaf clover  
Heartache is overdue  
It's over, it's over, it's over

All I want is, all I need is, all your love  
All I want is your love  
Your love is all I need

All I want is your love  
Your love means everything  
All I want is your love  
All I need is all your love  
All I want, all I need, is all your love
