

Bar 7, Lady Bug

Hey, what you doin' over there?
Now, don't it feel like you should be somewhere else?
Like anywhere but where you are
You know you make it hard to tell
Just how you feel
You know you make it hard as Hell
I cannot tell when you won't talk to me
I never get it right
If that's the way you feel
I won't ever get it right
Now that you made up your mind
How could I get it right?
Not in a million years will I ever get it right

Spread your wings it's time to take flight
Lady bug, lady bug
You better fly away home
Your house is on fire
And your babies all are gone
Lady bug, lady bug
I thought ya might wanna know
You baby's getting tired
Sittin' home alone

Was only yesterday
I told you I was down
Only I didn't know today
You wouldn't be around
Lovin' something, that's your plan
It's somethin' that you feel
You feel it day after day
Again and again and again
Do you know it's here?
I will never get it right
You'll never get it right
No, we'll never get it right

Spread your wings it's time to take flight
Lady bug, lady bug
You better fly away home

Your house is on fire
And your babies all are gone
Lady bug, lady bug
I thought ya might wanna know
You baby's getting tired
Sittin' home alone

How can it be?
How can it be?
I just don't believe it
So easily
And I believe
So easily
Spread your wings, it's time to fly

How can it be?
How can it be?
I just don't believe it
So easily
And I believe
So easily
Spread your wings, it's time to fly

Lady bug, lady bug
You better fly away home
Your house is on fire
And your baby's sittin' all alone
Lady bug, lady bug
I thought ya might wanna know☐
You baby's getting tired
Getting' tired sittin' home alone

Lady bug, lady bug
You better fly away home
Your house is on fire
And your baby's sittin' all alone
Lady bug, lady bug
I thought ya might wanna know☐
You baby's getting tired
