

# Barbados, Tonight Is The Night

You, set my soul on fire  
You, are my everything  
I feel, that I'm alive, flying high  
You are the reason why

Chorus:  
Tonight is the night!  
Hold me close and never let me go  
Tonight is the night!  
I will love you when the lights are low  
If you say don't ever leave me  
I just know that you're the one  
(tonight is the night)  
Everything will be alright!

I, just can't help my self  
I, fall for you every time  
Word, a gentle touch, is all it takes  
I long for, the love we'll made

CHORUS: .....

Tonigh is the night!

Tonight is the night!  
I will love you!

CHORUS: .....
