Barbara Mandrell, 'Till You're Gone

How many days, how many ways Do I have to lose you 'till you're gone? How many nights, how many lonely nights Do I have to lose you, darling, 'till you're gone? It happens every time I think I'm getting over you Something 'bout somebody new Gets me thinking about you How many times, how many times Do I have to lose you 'till you're gone? I wanna know, do I have to lose you 'till you're gone? I see you on the late show I hear you on the radio Darling, everywhere I go Your memory is there How many times, how many times Do I have to lose you, darling, 'till you're gone? I wanna know Do I have to lose you, darling, 'till you're gone? How many days, how many nights 'till you're gone? I wanna know I wanna know, darling
