

Barbara Mandrell, Tonight My Baby's Coming Home

Last night he called from Dallas he was havin' a beer at the Crystal Palace
He said honey you won't be alone for long
I got to make just one more stop to pick up a ring in Little Rock
And I'm gonna head this semi straight for home
Fourteen wheels a whinin' four big headlights shinin'
Him and that semi been away too long
Hope he don't get stop from speedin' cause I've got everything he's needin'
Waitin' for him right here at home
He's got that big ole engine singin' singin' my favorite song
And I know he's headin' my way rollin' down the highway
Tonight my baby's comin' home
(guitar)
Ten thousand miles I've missed him it's been a week since I kissed him
And forty truckstops since I held him tight
A million chicks and he can get 'em they wanna make love and he won't let 'em
The only thing he wants he'll get tonight
He's got that big ole engine singin'...

And I know he's headin' my way rollin' down the highway
Tonight my baby's comin' home
And I know he's headin' my way rollin' down the highway
Tonight my baby's comin' home
