

Barbies Cradle, Firewoman

The moons gone down
I know you're still awake
This heart I've found
I didn't intend to break
Cause I've seen the world from down there
And it wasn't a pretty sight
Now the circle is turning
Are you armed for the fight
I wanna be a firewoman
I'll water down your desire
Cause I know this love is a killer
I wanna put out your fire
Apology is futility
Now destiny is not a friend
Did you come for danger
You gave me love for pain
Now you're much more than a stranger
I wanna give you love
But all I have is rain
I'm gonna put it out
