

Barbra Streisand, I'm All Smiles

I'm all smiles, darlin'
You'd be too
If you knew, darlin'
All of the smiles were for you
I'm all chills, darlin'
Through and through
But my cold hands, darlin'
Warm to the touch of you
Rain hasn't fallen for days now
But rainbows are fillin' the skies
My heart must have painted those rainbows
Shinin' before my eyes

Can't you tell that I'm in love, darlin'?
Deep and true, with guess who, darlin'
Someone I die for
Beg steal or lie for
Eat humble pie for
Someone to fly
To the sun, moon and sky for
Someone to live for
To love with and cry for
And that someone is you
