

Barbra Streisand, If I Close My Eyes

If I close my eyes
I can fly,
If I close my eyes
If I close my eyes
I can fly,
I can drink the rain
And taste the sky,
I can catch the wind
And make it mine
Like the sun
I shine.
Suddenly a door
Opens wide
To a thousand paths
I've never tried

"Follow follow me"
I hear them say
And you'll find
Your way

Maybe dream's a dream
So that we can see
Just how real the dawn
Can be.

All the dawn can be
Comes as no surprise
If I simply close my eyes.
