

Barbra Streisand, It's A New World

Its a new world I see
A new world for me
The tears have rolled off my cheek
And fears fade away
Every time you speak
A new world
Though were in a tiny room
What a vision of joy

And blossom and bloom
A new found promise
One that will last
So im holding on
And im holding fast
You bring a new world to me
The way the world should be...
