

# Barbra Streisand, Our Corner Of The Night

See us walkin' havin' fun  
Hand in hand in shinin' sun  
Fingers only touch along  
Still between us we've got  
Somethin' right  
Somethin' right  
Oh so right

(chorus)

We've got our corner of the night  
It's along with us  
Even when the sun is shinin' bright  
It's along with us  
And we know  
We are strong  
And we know  
We're gonna get along alright  
We've got our corner of the night

All our own  
All alone  
Big and tight  
Brings out the night

What we've got it may not show  
Still we're richer than we know  
We can always run and hide  
Where the world can never  
Get inside  
We can hide  
Side by side

(repeat chorus)

We've got our corner of the night,  
We've got our corner of the night.....
