

Barbra Streisand, She loves me

Creep down to the waterline you're twisting away.
the game is over you
can't keep twisting away.
buy myself a rose at the end of the day.
please believe me you can't keep twisting away.
she loves me she loves me not.
whether she knows it .
she loves me she loves me not.
whether it's suicide.
shake the bottle out you're shaking it clean.
you shake no you can't keep twisting away.
crack me open do you know what i mean?
you shake shake you're twisting away.
she loves me she loves me not.
slip outside of your mind.
slip the far side over the ice.
slide you're yaking it on.
slip i hope you're not already gone.
she loves me.
she loves me.
she loves me not.
