Barbra Streisand

And Other Instruments

World Is A Concerto, The/make Your Own Kind Of Music

The world is made of music

Never ending symphonies of sound surround us

Miracles of melodies abound around us too

It's a musical world

It is a musical world, and the possibilities of making music are

Infinite. so with your kind indulgence and my kind permission we

Would like to present a premiere performance of a new work concerto

For voice and appliances...

The world is a concerto

Each day begins with music

In the air

The world is a concerto

Oh hear the music bubbling everywhere

The whole wide world is whistling

The heavens hum along

All blending in a never ending song

The world is a concerto

A song in which each singer has a part

A classical concerto

A rhapsody that's ringing through my heart

I feel the cleansing power

I tremble breathlessly

In keeping with the sweeping melody

So for me

Make your own kind of music

Sing your own special song

It's a musical world

It's a musical world

It's a musical world
