

Barcelona, Unreal

you should clear it up
pay attention
you could clear it but i don't think you know
theres a lot of stuff we don't mention
you should leave it out
i don't want to know
you left me on my own
and it feels unreal
more agnknowledge ment less questions
preserverence but i don't think you know
your avoidance means less tension
you should leave it out
i don't want to know
you left me on my own
and it feels unreal
