

# Barclay James Harvest, Back In The Game

Just a picture  
Taken back in '65  
We were young then  
It seems so long ago  
Play it one time  
Spirit of the '70s  
Live forever  
Lead me on

Oh those crazy nights  
We'd spend our lives  
Living in a rock 'n' roll dream  
Oh those days are gone  
Time moving on  
Make me feel that I want to be  
Back in the game again  
(Take me where the music's playing  
Where there's no tomorrow  
High upon those summer nights  
If I could be) Back in the game

Vision of the past  
Re-awake the heartbeat of  
A generation, we thought  
The years had lost

Oh those crazy nights  
We'd spend our lives  
Living in a rock 'n' roll dream

Oh those days are gone  
Time moving on  
Make me feel that I want to be  
Back in the game again  
Take me where the music's playing  
Where there's no tomorrow  
High upon those summer nights if  
I could be) Back in the game again
