

# Barclay James Harvest, Good Love Child

Get up, get up, get up, child  
Get off your knees  
Take it, take it, take it, I'm easy  
We're here to please  
Put your hands in the air  
Put your feet on the ground  
Put your mind in a dream  
'Cause there's nothing we ain't seen  
Good love child  
You know what I mean  
Good love child  
You've got to keep it clean  
Good love child  
Gonna steal the scene  
Make love, make love, make love, child  
And make it mean  
Take love, take love, take love, child  
And keep it clean  
Put your hands in the air  
Put your feet on the ground  
Put your mind in a dream  
'Cause there's nothing we ain't seen  
Good love child  
You know what I mean  
Good love child  
You've got to keep it clean  
Good love child  
Gonna steal the scene

Get up, get up, get up, child  
Get off your knees  
Take it, take it, take it, I'm easy  
It's here to squeeze  
Put your hands in the air  
Put your feet on the ground  
Put your mind in a dream  
'Cause there's nothing we ain't seen  
Good love child  
You know what I mean  
Good love child  
You've got to keep it clean  
Good love child  
Gonna steal the scene
