

# Barclay James Harvest, I've Got A Feeling

And though I think of you tonight  
I cannot hope to hold you tight  
But I've got this feeling in my heart  
And when tomorrow I'll be gone  
How can I hope to carry on?  
I've got a feeling in my heart

I can no longer see  
What's making things go wrong  
You've stayed away before  
It always seems so long

But wherever you go  
Whatever you do  
You know I'll always be with you  
'Cause I've got this feeling deep in my heart

I can no longer see  
What's making things go wrong  
You've stayed away before  
It always seems so long

But wherever you go  
Whatever you do  
You know I'll always be with you  
'Cause I've got this feeling deep in my heart

Baby, you're in my heart
