

# Barclay James Harvest, Love On The Line

Love like a burning fire  
Creeping up on you  
Watch as the flame grows higher  
Can you see it through?  
Don't you know the die is cast?  
Got to keep on running faster than time  
And you're riding high above  
Are you gonna lay your love on the line?

Out where the light is burning  
There's a heart that's true  
Sounds of the night returning  
Put a spell on you

Don't you know the die is cast?  
Got to keep on running faster than time  
And you're riding high above  
Are you gonna lay your love on the line?
