

Barclay James Harvest, Once More

With these arms I'll hold you
Let my love enfold you
Please don't cry
Night and day forever
Rain, sea, surf, sand, clouds then sun will shine
Born in the spirit of love
You took flight
Soaring so high and so free
No-one can stop you
You'll always be heard
Our hearts know the truth

In pools of blue I found you
Let my love surround you
Gave you life
From that day forever
Rain, sea, surf, sand, clouds then sun will shine

Born in the spirit of love
You took flight
Soaring so high and so free
No-one can stop you
You'll always be heard
Our hearts know the truth

Born in the spirit of love
You took flight
Soaring so high and so free
No-one can stop you
You'll always be heard
They'll never kill the mockingbird
She'll fly free
