

# Barclay James Harvest, See Me See You

Forgive me, child, I am sorry  
I can't see your face  
Forgive me, child, I am sorry  
I can't hear your name

Take me, take you, lost in other worlds  
Take me, take you, crazy boy, lonely girl  
Far away, far away, what d'you say?  
Far away, so far away  
Hey Jude

I was, you were, time was when I could  
I knew you knew me  
So light your light shining and star bright  
Through you, through me, too

Take me, take you, lost in other worlds  
Take me, take you, crazy boy, lonely girl  
Far away, far away, what d'you say?  
Far away, so far away  
Hey Jude
